What inspired us to **MUSIKONNECT**?

Music Promotion, Mass Connectivity requires a dedicated and consistent effort for years to attain a proper global interconnection. After making so many albums with so many artists and celebrities we felt the need of this creative connection approach to facilitate right exposure, value and reach to the mass. Moreover when the toughest times are going for all record-labels and where corporate are only interested for TRP, Sales GAGA and substantial marketing share, the inherent motto and the philosophy is what we have to preserve first.

MusiKconnect is a direct relationship with the people, for the people, by the people
